

DELIVERING DECISION-QUALITY INSIGHTS.
ANYWHERE. ANYTIME.

NOW AWARDABLE ON THE TRADEWINDS SOLUTIONS MARKETPLACE

AI-DRIVEN DATA ORCHESTRATION FOR DEFENSE —
NOW AWARDABLE THROUGH THE TRADEWINDS RAPID
ACQUISITION PATHWAY

NOW AWARDABLE
TRADEWINDS SOLUTIONS MARKETPLACE

ORCHESTRATING COMPLEX DATA INTO REAL-TIME DECISION ADVANTAGE

Tethys connects, transforms, and delivers mission-critical data across enterprise and edge environments, even in disconnected and classified conditions. Built for multi-INT workflows and AI-driven operations, **Tethys** is now Assessed Awardable through the Tradewinds Solutions Marketplace for rapid acquisition.

HOW TO FIND AND ACQUIRE TETHYS

STEP 1 — Create Your Tradewinds Government Account

To view awardable solutions, you must be logged into Tradewinds. Create your account using one of the links below:

- Tradewinds Solutions Marketplace Portal: tradewindai.com/tw-marketplace
- Direct Registration: <https://cdao.appianportalsgov.com/tradewinds-user-registration>

Once registered and logged in, you can view all awardable solution videos.

STEP 2 — Locate Tethys in the Marketplace

After logging in:

- Use the search bar and search for: “**Tethys**”

You will be taken directly to the **Tethys** awardable solution page and video.

STEP 3 — Engage Cubic Digital Intelligence

Inside Tradewinds, your organization can contact Cubic directly to:

- Ask questions or request additional information
- Schedule a demo or technical discussion
- Discuss mission-specific requirements

STEP 4 — Move from Interest to Acquisition

When ready to procure **Tethys**:

- Engage your local contracting support activity
- Reference the **Tethys** listing within Tradewinds

If you do not have a local contracting pathway, Tradewinds provides acquisition support: success@tradewindai.com

The Tradewinds Acquisition Support Team will help connect you to the appropriate contracting office to move forward.

WHY TRADEWINDS MATTERS

Tradewinds Solutions Marketplace allows government organizations to acquire **Tethys** through a post-competition, readily awardable pathway designed to accelerate mission technology adoption.

Tethys has already been assessed and deemed Awardable.
